

# IEEE Newsletter: October

MIT IEEE/ACM is MIT's student branch of the International Institute of Electrical and Electronics Engineers and the Association of Computing Machinery.

Our organization aims to create and support a close community between students and faculty within the EECS department.

Stay updated on all our events through this monthly newsletter!

## Recent Events

### Big/Little Mixer

On October 20th, we held a Big/Little mixer for underclassmen to connect with upperclassmen and chat about their experiences in Course 6. Students formed groups and moved around the room to meet other students who could potentially become their bigs or littles. After the event, attendees had the opportunity to fill out a form to be matched with a big/little.

### Faculty Dinner

On October 28, several IEEE/ACM members had the opportunity to have dinner with Professor Hal Abelson, who is the Class of 1922 Professor in the EECS department and is involved in developing many important academic projects at MIT. Students were able to ask Professor Abelson questions and chat about research, careers, and life at MIT.
